

Event	RESOURCE PERSON	DATES
Production of monoclonal antibodies for HIV for Indians	Prof. Kalpana Luthra, AIIMS, Delhi	29 th September 2017
Expert lecture for motivating Biotech students to take up research and GATE preparation	Mr.Vimal Bhutani, Biotech Sapiens	25 th January 2018
Can engineering design principles be applied to Biology	Prof A.K. Bachhawat, IISER, Mohali	15 th February 2018
Workshop on Innovation and Start-up	Dr D K Sahoo IMTECH, Chd	21 st March 2018
Industry Readiness crash Course "Journey of Biochemical Engineering from Laboratory to Industry"	Dr Shashwat Goswamy, CIAB, Mohali Dr Sudhir Kumar, Panacea Biotech, Lalru	22 nd March 2018
Molecular recognition of parallel G-quadruplex DNA by protoberberine alkaloids palmatine and coralyne using nuclear magnetic resonance spectroscopy and other biophysical techniques: binding leads to thermal stabilization and telomerase inhibition	Prof Ritu Barthwal, IIT Roorkee	28 th May 2018
DNA damage response as a target for cancer therapy	Prof Girish Shah Faculty of Medicine, Laval University, Quebec, Canada	4 th June 2018
Role of Biology in Engineering and Computer Sciences	Prof. A.S. Ahluwalia Dept of Botany, PU	14 th Aug 2018
Bio-Camp 2018 (National Symposium)	Dr. Ashish Ganguly, IMTECH Dr. Sanjeev Soni, CSIO Dr. Shweta Saxena, DIHAR DRDO Dr. Akashdeep, CSIO	1-2 nd Nov 2018
Workshop on IPR for student and faculty	Mr Harminder, Panjab State Council Ms Shwetasree Majumder, Fidus law Chamber	10 th January 2019
Materials engineering for next generation Energy Harvesting Solutions	Dr. Pooja Devi, Scientist, CSIO, Chandigarh	3 rd April 2019
